

A GREAT PLACE TO LIVE, WORK, AND STAY

## **Boil Water Notice Rescinded for Customers North of FM 1171 January 18, 2024**

On January 16, 2024, the Texas Commission on Environmental Quality required the Town of Northlake public water system 0610235, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of January 18, 2024.

If you have questions concerning this matter, you may contact Eric J. Tamayo at 940-242-5704 or the Public Works building at 1400 FM 407.
